Software Developer Intern

PERSONAL PROJECT

Open software mobile app to help elder people find someone to take care of them
June 2019 – present

With help of 2 partners, I have built a react native app called "iCare" to help elder people find someone to take care of them. It was developed using react native and Google Firebase backend and authentication. https://github.com/diogobratti/iCare-app

Open software mobile app to audio chat without Internet
August 2023 – present

I have created a flutter app called "motorcom" to make people audio chat without Internet (example Wi-Fi Direct, Bluetooth), being used mainly when two people are riding a motorcycle in countryside and want to communicate to each other through headsets. It was developed using Flutter and WebRTC. https://github.com/diogobratti/motorcom

LANGUAGES

Portuguese - Native	English - Advanced
Spanish – Intermediate	Italian – Intermediate

COURSES AND CERTIFICATES

- 3 years of Italian Lessons; Centro de Cultura Italiana: 2006

ADDITIONAL CREDENTIALS

TECHNICAL SKILLS	Microsoft Office (Word, Excel, PowerPoint) / Oracle / MySQL / Scrum / Visual Studio Code / Git / PHP / React Native / JavaScript / Firebase / Flutter / UML
OTHER ACTIVITIES AND PROJECTS	• Work experience program in the USA. • Open source mobile app at GitHub
HOBBIES AND INTERESTS	• Biking
